

MANUFACTURER	MODEL	INFORMATION
<i>Advanced Digital Broadc.</i>	ADBx100W	Scalable platform: DVB-C,S,T support, Integrated harddrive, Support for advanced coding (i.e. MPEG4, WM9), Streaming with trick modes, AAA (Autorization, authentication, accounting/billing, Access control) etc. http://www.adbglobal.com/products/documents/ADBx100w_series_000.pdf
<i>Amino Communications</i>	Aminet103	Linux platform, Content proteccion & rights management systems, Picture in Graphics technology, VoD/Multicast (RTSP, IGMP) with HTML and Javascript interfaces, Streaming with trick modes. http://www.aminocom.com/products/aminet103.html
	Aminet110	All the same preferences that Aminet103, Added USB port for game controllers http://www.aminocom.com/products/aminet110.html
	Aminet120	High definition video output for HD displays, Digital audio output (Dolby 5.1), development of applications, In HTML and Javascript, Supported by leading Middleware providers. http://www.aminocom.com/products/aminet120.html
	Aminet110H	Designed specially for hotel & motel rooms, In addition provides one fast ethernet connection port. http://www.aminocom.com/products/aminet110H.html
	Aminet210H	Integral DVB-t tuner, Powerfull set of APIs for developers, Remote management via network. http://www.aminocom.com/products/aminet210H.html
	Aminet500	Scheduled recording via EPG (two streams simultaneously), supports streaming (RTSP) to other STB's, Variety of Smartcard-based proteccion methods, Java API for developers. http://www.aminocom.com/products/aminet500.html
<i>Dcom & DTVro</i>	TD100	Services: TV guide, Vod, Web, Mail, Setup. Picture in Graphics support, Built-in web browser. http://www.tcom-dtvro.com/product/product01_100.html
	TD500	Services: VoIP, Home gateway, Video conference, home surveillance. EPG, Ipv6/MPEG-4 support, Win Ce Net 4.2. http://www.tcom-dtvro.com/product/product01_500.html
	TD300	Services: VoD, Internet, IP TV, Games. VoD server, variety of network graphics standards supported. http://www.tcom-dtvro.com/product/product01_300.html
	TD233AT	Services: VoD, Internet, IP TV, Games. MP3 player. http://www.tcom-dtvro.com/product/product05.html
	TD233	Services: TV Guide, VoD, Web, Mail, Setup. Multicast over IP/IGMPv2, POP3/IMAP/SMTP for email. http://www.tcom-dtvro.com/product/product04.html
	TD2200B	Services: VoD, Internet, TV Guide, Setup. This unit is capable of delivering quality performance MPEG-2, MPEG-4 video.(up to 8Mbps.) www.tcom-dtvro.com/product/product01_2200b.html
<i>Humax</i>	RG-100	Operating system WinCE.Net 5.0, 80Gbyte integrated harddisk (possibilitates usage as PVR), Trickplay function, built-in Digital Satellite Receiver. www.humaxdigital.com/global/products/new_leaflet/RG-100_EL.pdf
	RG-200	WinCE.Net 5.0, trickle VOD, web mail, online shopping, browsing, & flash experience MPEG-4 support (optional). www.humaxdigital.com/global/products/new_leaflet/RG-200_L.pdf
	RG-3000	Broadband access interface, TV Tuner Available, EPG, Web browsing (Walled Garden/Open Access), E-mail, IP-sharing through DHCP/NAT. www.humaxdigital.com/global/products/new_leaflet/RG-3000_L.pdf
<i>i3 Micro</i>	Mood 200	Embedded Linux OS, MPEG-4 support, Memory expansion with CF, Opera 7 browser, Javascript API. http://www.i3micro.com/i3web/pdf/Mood_300_ProductSheet.pdf

	Mood 300	Embedded Linux OS with SDK, JVM support, stream to other TV via existing Coax, HDTV stream support, VoIP telephony www.i3micro.com/i3web/pdf/Mood_200_ProductSheet.pdf
<i>Kreatel</i>	IP-STB 1510	Linux-based OS, Picture in Graphics, Security: SSL, PKI. AC3 audio support, Smartcard reader, verified compliance with leading video server suppliers. Http://www.kreatel.com/downloads/downloadfiles/Kreatel%20IP-STB%201510%20specification.pdf
	IP-STB 1520	Same preferences that model 1510 plus integrated DVB-T tuner. http://www.kreatel.com/downloads/downloadfiles/Kreatel%20IP-STB%201520%20specification.pdf
<i>mPhase</i>	TV+ 400	Digital audio output, EPG / channel guide, NTSC/PAL output. http://www.mphasetech.com/TVPlusRelease2.pdf
<i>Pace Micro Technology</i>	DB442	Support for multiple languages, Remote monitoring via SNMP, Printer port support, Javascript API, DES/DVB/Macrovision content security. http://www.pacemicro.com/corporate/documents/specs/DB442_spec.pdf
	IP442	MPEG-4 capability, Multiple stream decode for watch and record, Trickplay in VoD applications, Email support, Homegateway ready. http://www.pacemicro.com/corporate/documents/specs/IP442_spec.pdf
	DB440	Based on Windows CE operating system (4.2 or 5.0), MWM9 audio and video, Smartcard slot, Ipv6 support. http://www.pacemicro.com/corporate/documents/specs/DB440_spec.pdf
	IP420	Home gateway ready with routing, bridging, firewall and QoS, Remote diagnostic, Email support, Dolby output. http://www.pacemicro.com/corporate/documents/specs/IP420_spec.pdf
	DB220	Optimized for quality at low bitrates, variety of protocols supported, IGMPv2 support, Javascript v1.5 with media extensions. http://www.pacemicro.com/corporate/documents/specs/DB220_spec.pdf
	DB210	AC3 support option, Vector & Bitmap graphics libraries, Trickplay supported, a variety of protocols supported. http://www.pacemicro.com/corporate/documents/specs/DB210_spec.pdf
<i>Telsey communications</i>	Waves stb	Boot and upgrade servers for easy software installation, Expandable with videotelephony module, HW support for MPEG-4 / WM9, Audio digital output, Linux operating system. http://www.telsey.com/downloadResource.jsp?roid=381042138-303
<i>Sagem</i>	IAD5116	Internal harddisk for recording, Networked video games, Trick play, Sw upgradable via Ethernet and RS-232, Secured transactions for E-commerce. http://www.sagem.com/en/produits-en/terminaux-num-en/tv-iad5116-spec-en.htm
<i>Samsung</i>	SMT-F240	EPG, Smartcard, Macrovision content security, AC3/DTS, Picture in Graphics, Javascript, SSL, Email support. http://www.samsung.com/Products/HomeInfra/DigitalSetTopBox/files/SMT-F240_brochure.pdf
<i>Stino/Tuxia</i>	S-box 4/6000	MPEG-4 support, Mozilla-based UI, VoD/Multicast/DVB streaming, Embedded web browser. http://www.allwell.tv/Forum/Stino/Purple_TASTE_UGuide_s-box_V5.pdf
<i>Vbrick Systems inc.</i>	EtherneTV stb	MPEG-4 support, Boot stand-alone, Hardware decoding of video, Support for 100's of channels. http://www.allwell.tv/datasheet_vbrick_ethernetv_stb_111003.pdf
